

The Australian Wheatbag Store

Newsletter Mid November 2020

YES – we STILL make face masks! And, yes. They still look good! And yes, they will likely become mandatory...

So we are in a circuit breaker lockdown in south Australia at the moment. And wearing of face masks, when away from your property, has been made mandatory. We heard from Steven Marshall this morning that face masks will most probably be made mandatory also AFTER these six days of lockdown. So stay safe everyone and mask up for the good of the whole community.

We manufacture and sell great, reusable, cotton face masks. They are really good, to fit form 100% cotton, are washable so therefore economical, easy to adjust to your face and feature a pocket where you can insert an extra barrier for extra protection. Use a tissue, paper towel, carbon filter – whatever you think is appropriate.

SHOP and read more HERE: <https://www.theaustralianwheatbagstore.com.au/product-mask.php>

STAY WELL AND SAFE EVERYONE!

Picture (no video) below is from ABC News interview with Premier Steven Marshall Thursday 19/11/2020 in the morning.

Many choices of colours/patterns in our Face Masks!

Australia is heating up this summer. Prepare yourself by getting an easy to use Cooling Necktie now at a lower price! Down FROM \$17 to \$15!

The Cooling Necktie facilitates a natural and easy cooling remedy for heat stress by using plain, tap water locked in by crystals in a necktie! Tie the soaked Cooling Necktie around your neck or forehead to cool down on a hot day or when overheating.

The Necktie is easy to use at home, at work, at sports events, while driving or whenever you need to. It cools you when the water slowly evaporates, effectively drawing heat away from your body. It uses the same principle as air-conditioning systems or your fridge.

How to use: Soak the Cooling Necktie in cool, clean water for 5-10 minutes. Remove excess water by gently squeezing it and wear for instant cool relief! Store the activated Necktie in the fridge in an open container during summer for easy access and immediate cooling satisfaction. Do not freeze as it could break the fabric.

The Cooling Necktie is 100% made by The Australian Wheatbag Store in Australia from cotton, poly cotton fabrics and filled with water retaining, non-toxic crystals. The Cooling Necktie is reusable, will cool you for up to 24 hours, is easy and safe to use for young and old, lasts for a long time, is light-weight and portable and available in a variety of Cool Cat colours and patterns.

NOW ONLY \$15 each!

FOLDING AT HOME. What? ORIGAMI?!

Would you like to do something meaningful to fight Covid other than keeping distance, wearing masks and washing hands? Do you have a computer at home that is doing hardly anything and is on most of the time? Then this non-paper folding project is for you.

Folding at Home is a project by the Stanford University that uses the power of people's regular home computers around the world to find critical information about COVID and how it interacts with other proteins. Combined it is presently the largest computer on Earth with well over 2.7 MILLION individual computers working together! There are over 200 scientific PAPERS written using data gathered by this project and they are currently doing a push to test anti-Covid drugs candidates. You can learn more about the project here: <https://foldingathome.org/>

If you are keen to help, download the client from the link on the site and install it. It is very easy J

You can join a team and compute as part of the great mass of humanity or go it alone.

We at The Australian Wheatbag Store have joined the team of "C44 Community TV". The team number is 257293 (it will be asked for, if you join) and our stats are here <https://stats.foldingathome.org/team/257293>

You are welcome to join our team! We are presently in the top 2.7% of all the world teams. Please join if you can, you just might be the person who helps to find the cure for Covid !

That's it for now. **STAY WELL AND TAKE CARE OF EACH OTHER J**

Take care everyone, stay happy and healthy and we look forward to seeing you online or at the studio in Klemzig, Adelaide!
Simply ring 0407 626 755 to make an appointment J
